Published 03/10/2010 - 9:17 p.m. EDT

Due to snow and twin blizzards, we are having a new opening for, Introductions: An Encore Presentation, with refreshments, Friday, March 19, 5 to 8 p.m. Introductions is a multi-cultural exhibit that continues through March 28.

“Introductions” presents artwork by artists from China, Iran, Japan, Mexico, Nigeria, Venezuela and the U.S.A., of different mediums and styles, influenced by their heritage and surroundings. The combinations of color and the artists distinctive form of art, added to Chadds Ford Gallery’s usual Brandywine Tradition mode, will show the observer how well they can work together, and how observations of things should not be limited and that doors can open to some new traditions, if only given a chance.

The Chadds Ford Gallery is located at 1609 Baltimore Pike, Chadds Ford Village and Barn Shops.
