T.R. and Walker are two domestic short hair gray tabby cats that are available for adoption through the Chester County SPCA. T.R. is a 2-year-old spayed female and Walker is a 2-year-old neutered male. T.R. and Walker have formed a special bonded with each other and they would like to find their forever home together. They came to the shelter in January because their owner was moving and could not take them. They enjoy soft pets, a belly rub, and a warm lap to curl up on and after losing a pound or two they may even enjoy being picked up. T.R. and Walker are two very affectionate cats that are now waiting for their new forever home with a responsible care giver who will give them the love and attention they deserve. If you are able to provide that home, visit the Chester County SPCA at 1212 Phoenixville Pike in West Goshen or call 610-692-6113. T.R.'s registration number is 96798341 and Walker's registration number is 96798340. To look at some of the other animals available for adoption, visit the shelter or log onto www.ccsPCA.org.
